## Our Commitment to You

The St Lucie County Drug Lab operates to support your treatment court program objective to be drug free. We strictly adhere to HIPAA rules; all your tests are confidential (except for the treatment court team).

We strive to provide you the highest quality of service. We want to know if you have something on your mind, ask us anything.

*We want to you succeed!*

# County and Circuit Hotline

- To find out when to come for a drug test, you will call the Hotline at (772) 462-6400 or (863) 763-1245 after 7:00<sup>PM</sup> every evening and listen for your birth month to be announced.
- Weekend and holiday testing messages are left on the hotline at 6:00<sup>AM</sup>.
- On Sunday you must call twice; at 6:00<sup>AM</sup> and at 7:00<sup>PM</sup> for Monday's numbers.
- Please continue to call the hotline if the message is not left on time. Phone line problems eventually clear up; you cannot use that as an excuse to miss a test.
- The numbers are also online at [slcdrugtesting.com](http://slcdrugtesting.com).
- You may use either the Fort Pierce, Lyngate or Okeechobee Labs interchangeably. No additional fees will apply.

# Testing Procedures

- Bring your picture ID every time.
- Your specimen cup barcode contains your name, the date and the specimen ID.
- All tests are observed to make sure no cheating occurs. *Cheating on a drug test is a 2nd degree misdemeanor, and will cause you to have a new arrest.*
- You must follow all directions; failure to follow directions will result in a "refusal" and is considered a positive.
- Do not drink too much liquid before taking your test; this may cause your sample to be dilute and is considered a positive.
- You should arrive at the lab ready to provide a sample. If you cannot provide a sample right away, you will be given more chances to try, however; it is in your best interest to arrive at the lab as early as possible, so you give yourself ample time to provide your sample, especially on a weekend.
- If you arrive within 15 minutes of closing, you will be allowed only one attempt.
- *While waiting, do not use the public bathroom or leave the waiting area.*
- We cannot tell you your result, only the treatment court team can tell you.
- If you disagree with results, you have 30 days to send the sample out for retesting at your own cost.
